Management Growth Thru Communication, Training and Personal Development

President's Message...by Christy Madden

The 2005 Corporate Games are now history. With 112 individual medals earned by County employees, we found ourselves once again in second place behind the ever-winning Amgen team. Every year we get better and better – sooner than later, we're going to break their spell.

We weren't without our victories, however. Even over the Amgen team. In the newly introduced inner tube water polo event, the County's team was victorious going home with the Gold! Similarly, we received Gold place points in both team tennis and table games. We were doubly victorious in both miniature golf and bowling, coming home with both the Gold and the Silver for these events. Many

events consist of a compilation of sub-events, so although individual employees earned medals, their wins did not neces-

... be sure to thank them
(our volunteers)
for their contributions –
without their time and
energy, our participation
in these games would
not be possible

sarily translate to gold, silver, or bronze place points for the event. Examples include Horseshoes (gold & silver for

Men's and Silver for Coed), and the 5k and 10k (3 gold, 2 silvers and a bronze). There is a complete listing of medalists elsewhere in this newsletter along with a tabulation of team results.

I'd like to publicly thank the many volunteers who contributed to the success of this year's games. It takes a small army to coordinate the County's participation, from event coordinators, to online registration system designers, and t-shirt/ sweat-shirt order takers, packers & distributors, and party planners. Please refer to the list of individuals who facilitated our success in this year's games and be sure to thank them for their contributions – without their time and energy, our participation in these games would not be possible. ♦
